

EBAN at the 4YFN

Workshop on the 23rd about Exits Strategies

 23rd February 2016
 from 11.00h to 11.45h

Fira Montjuic Barcelona
 Av. Reina Maria Cristina, s/n
 08004 Barcelona

Success Stories and Network Building to Achieve More Exits

Whether it happens via trade sale, IPO, management buy-out or corporate joint venture, every investor needs to prepare wisely for the “Exit” in order to maximize the return on the investment made. Certainly though, one investor’s exit could also be the next investor’s buy in; so how can we achieve more exits for angels and accelerators by creating stronger links amongst the various eco-system players?

In this panel Work Shop, we will listen to the success stories of experienced angel investors and accelerator managers and gain insight on what are the key enablers for a great exit. The panel will then focus on how to facilitate and promote more exits by reinforcing the relationships between accelerators, business angels and corporations

Speakers will be:

- Candace Johnson, EBAN President
- Peter Jungen, EBAN President Emeritus
- Jose de Hoyos : Director Global Portfolio at TELEFÓNICA OPEN FUTURE
- Alberto Onetti: Mind the Bridge President & Chairman
